

## About Us

UnCruise Adventures launched in Alaska in 1996 with a passion for small-ship cruising. Nearly three decades later, we've expanded our fleet and our reach.

Specializing in adventure travel, we offer all-inclusive, expedition-style cruises in Alaska, Hawaii, Baja California, Costa Rica, and the Galápagos Islands. With vessels accommodating just 22 to 86 guests, our nine small ships are built for exploration, accessing off-the-beaten-path places that larger ships can't reach.

Guided by a commitment to connection, sustainability, and discovery, UnCruise Adventures brings guests closer to nature, wildlife, and local cultures, with every journey designed to inspire a spirit of adventure.
