** Warsaw/Katowice – Turin from December 2018
*** Warsaw – Lublin from September 2018
**** Budapest – London City from February 2019

POLISH AIRLINES

A STAR ALLIANCE MEMBER

LOT made aviation history as the first European airline to operate the high-tech Boeing 787 Dreamliner. Now, celebrating over 90 years of service, LOT has improved its network schedule with shorter connections and more frequencies to increased destinations with a focus on Central and Eastern Europe, Asia and the Middle East via its hub in Warsaw. **Our anticipated growth will see expansion double the size of the existing network through 2020.**

Highlights of the new Boeing 787-9 as compared to the Boeing 787-8

Over 20 feet longer • Seating capacity 294 (42 more) • Business Class: 24 fully flatbed seats (six more) • Premium Economy: 21 seats • Economy: 249 seats (36 additional) • Extra lavatories in Premium Economy class • LED lighting and window features to reduce jetlag
